UMMER K. ABOOBACKER

Piping · Mechanical Supervision · Industrial Construction

PUBLIC PROFILE

Experienced industrial piping professional with career entries spanning pipe fitting, pipe fabrication, piping foreman, piping supervision and mechanical job-performer responsibilities.

CORE CAPABILITIES

Pipe fabrication and installation · Piping supervision and foreman responsibilities · Technical and isometric drawing review · Work preparation and coordination · Permit to work · Toolbox meetings · HSES · Quality checks · Hydrostatic and pneumatic testing

SELECTED TRAINING & EDUCATION

ADNOC WMS Certification; First Aid; H2S Training; Breathing Apparatus; Confined Space. Higher Secondary - Board of Secondary Examination, Kerala. As listed in the supplied CV.

EMPLOYMENT & PROJECT EXPERIENCE

MAY 2024 - CURRENT*

Mechanical Supervisor & Job Performer

CAT International Limited, Abu Dhabi | Estidama Sales Gas Pipeline | UAE

Permit-to-work implementation, daily workforce reporting, pipe and fitting preparation/alignment, mainline welding coordination, toolbox meetings and assigned-area HSES responsibilities.

NOV 2023 - FEB 2024

Piping Supervisor

Equate Petrochemical | Equate Turnaround | Kuwait

Workforce and resource coordination; 54-inch and 44-inch reactor-nozzle replacement; pre-heating, post-weld heat treatment, spring-hanger support and line blinding/de-blinding activities.

DEC 2018 - JUN 2021

Piping Supervisor

SPEC Oil & Gas FZCO, JAFZA | Golden Oil Refinery, Najaf | Iraq

Piping fabrication and erection process for oil and gas processing skid units; current drawing/specification review, HSES oversight and work-performance coordination.

APR 2017 - FEB 2018

Piping Foreman

Alfa Standard | Dubba Power Plant | Saudi Arabia

Mechanical erection of isolated-phase bus ducts and pipeline systems; permit-to-work, material-quality follow-up, progress coordination and team direction.

2015 & 2016

Pipe Fabricator

Equate Petrochemical | Equate Turnaround | Kuwait

Pipe-spool and support fabrication; valve/gasket installation; hydrostatic and pneumatic testing; field modifications and P&ID; punch-list activities.

AUG 2012 - MAR 2014

Pipe Fabricator

ENKA Construction Company | Alliance Refinery, Khabarovsk | Russia

Workshop fabrication to isometric drawings, pipe-rack installation, support fabrication, pre-commissioning participation and hydrostatic testing.

DEC 2008 - NOV 2010

Pipe Fitter

Bechtel Angola | Soyo LNG Project | Angola

	Pipe-spool/support installation and alignment, valves/fittings and firewater-line work, with housekeeping responsibilities.
AUG 2006 - NOV 2007	**Pipe Fitter** Senimid Kurlis | Tengiz SGP Project | Kazakhstan Pipe-spool/support fabrication and installation, valves/fittings and firewater systems, daily toolbox meetings and specification-based assembly.
OCT 1999 - MAR 2002	**Pipe Fitter** Alsaudi Engineering | Kemiya Petrochemical Project | Saudi Arabia Pipe and tubing installation, alignment, measuring, cutting, bending and threading; spool/support fabrication and valve/fitting installation.
